

— Been Thinking About Hate & Violence —

DEMOCRATS, historically, have been the party of hate, bigoted racism and violence. They've cranked up the volume and the intensity of each of those despicable characteristics since "We, the people" spoke clearly a few months ago. Today, they've become a purely evil domestic terrorist organization with far-reaching tentacles bent on destroying this Republic. Might any rational person think they'll "tone it down" if we EVER get complacent enough to allow them to regain power? If anything, they'll crank it up even further. Then, we'll all be toast.

When I characterize DEMOCRATS as evil domestic terrorists I'm referring, primarily, to the LEADERS of the rank-and-file, double-digit-IQ lemmings. Those leaders know exactly what they're doing. Many of their rank-and-file voters are, otherwise, genuinely good folk who just follow the slimy swamp masters blindly. Those elitists masters play them very effectively by pretending that they "care" about them.

Yes, they loudly claim to genuinely care, too, about effective educational opportunities for all. But they resist the one facility that is apparently available for financially challenged kids to have access to educational equity. That'd be charter schools. "Sincerity is the key. If you can fake that, you've got it made." —George Burns

I'd be remiss not to address, at least briefly, the relentless DEMOCRAT attacks on the Second Amendment. Their clear objective (seldom acknowledged, publically) is total gun confiscation. With each new mass shooting, they blame guns and gun-rights lobbyists. What they – and their loyal MSM – carefully avoid mentioning is the fact that nearly all of the mass shooters in recent history have been DEMOCRATS.

Here's an enhanced perspective for all the good folk who want to start understanding the real story: Planned Parenthood founder, MARGARET SANGER, wrote this in her December 19, 1939, letter to Dr. Clarence Gamble, 255 Adams Street, Milton, Massachusetts (quoted verbatim)—

"We should hire three or four colored ministers, preferably with social-service backgrounds, and with engaging personalities. The most successful educational approach to the Negro is through a religious appeal. We don't want the word to go out that we want to exterminate the Negro population. And the minister is the man who can straighten out that idea if it ever occurs to any of their more rebellious members." —original source: "Sophia Smith Collection," Smith College, North Hampton, Massachusetts. Also described in Linda Gordon's Woman's Body, Woman's Right: A Social History of Birth Control in America, New York: Grossman Publishers, 1976

Both Hillary Clinton and Nancy Pelosi are recipients of the annual Margaret Sanger award. Upon receiving that award in 2009, Mrs. Clinton said this (another verbatim quote)— "Now, I have to tell you that it was a great privilege when I was told that I would receive this award. I admire Margaret Sanger enormously, her courage, her tenacity, her vision...And when I think about what she did all those years ago in Brooklyn, taking on archetypes, taking on attitudes and accusations flowing from all directions, I am really in awe of her."
